Dear Diane,

I would like to take this opportunity to thank you for the great job you did on the Media Arts project you and I worked on a few weeks ago. Media Arts hired me as a director to develop a 15-minute video program that was ultimately going to be used by Pfizer, Inc., the drug manufacturer. The project had to be developed and in the can within 4 days.

I chose actors and production personnel who I knew could assist me in completing a quality project in a timely fashion. You were one of them. Your professionalism and poise helped create a program that allowed production to be completed on schedule and one that was praised by the client. Your suggestions and consistency in your performance added to the final product.

Thank you again for a great job and I look forward to working with you again in the future.

Sincerely,
